A special offer for State employees and families!

This is a very special summer camp. Students who know nothing about a musical instrument are playing Beethoven's 9th by the end of 4 sessions.

This camp is 4 sessions in the month of June at Lawrence North High School.

Students need to be going into the 4th grade through high school and have an instrument.
(We have special programs available for nominal rental through Paige's Music)

Please visit our web site at www.thePAinstitute.com to visit the classes and the story behind this unique program. Our program is the only one like it in the US.

For state employees their student may be delivered at 6:00 am and picked up at 6 pm and we will not charge extra fees. This is a \$60 value if you go all 4 sessions.

Space is limited as we teach 1100 students already.

Please call us with questions and mention this notice when you apply by mail or by phone to get your discount.
